END NOTES

From the Director~

It's hard to believe our time has come to an end!! This has been Such an enjoyable Journey!! My mother has always said that I seem to surround myself with people who make me look good!! Well, that has Certainly been the case over the past two months! Besides this Awesome cast and their Supper Supportive parents, I could Not have done this without my "tribe"!! Katie Quin for agreeing to take this journey with me in the first place (that was a deal breaker!) LOL, Darlene Davis, our Talented carpenter, constantly asked me "What do you need? Show me a picture and I'll make it happen!" And she did! Stephanie Butler made Every piece of scenery and every prop "Whimsical" and "Seussical"!! And Dana Echols..... besides helping to get all our music and sound effects together, she helped keep Me together!! More than once she found my keys or phone when we had wrapped up!! And Constantly asked "How can I help?" So many others pitched in along the way but these four gals..... There are NO WORDS!! "Thank you" is So insufficient when you feel people Sacrificed their time and gave Freely of their talents and resources to help make Your vision a reality.

A very special thank you to the Holifield gang a.k.a. the Amazing BLUE CREW robotics team for tackling the task of making a scooter look like a Seusical "Picker Upper Machine".

I could Not have completed this project without Every cast and crew member and many friends along the way whose encouraging words always came at Just the right time!

Yes, Mom, you are Quite Right!! <3

Until next time,

Debbie Watkins
